## Polystyrene Produce Trays

### 1/2 STEAM TABLE TRAY

Why settle for standard produce trays, when you can get better protection and competitive pricing from Sonoco Plastics' Superior Plus produce steam table and sliced tomato trays. Superior Plus produce trays are designed with smooth, curved interior walls to reduce pressure points and channel fluids away from the fruit, keeping it fresh, flavorful and visually appealing. The half steam table trays are available with an optional drain insert that directs up to 250ml of fluid away from the fruit, maximizing shelf life. Sonoco Plastics' trays provide strong, low temperature seals and can be laminated with polypropylene (PP) or low density polyethylene (LDPE) for faster throughput on packing lines. Superior Plus produce trays are available in black and white.

**Dimensions:**  
Length: 12-3/8"  
Width: 10-1/4"  
Depths: 1-1/2", 2", 3", 3-1/2", 3.8"

**Pallet/case configuration:**  
Case Pack: 1,320 trays per case, one case per pallet, 24 individually-sealed bags of 55 trays each  
Case Size: 40" x 48" x 42"; 46.7 cubic feet; one case/pallet  
Case Weight: 250 lbs.

### 1/4 STEAM TABLE TRAY

Sliced tomatoes are vulnerable to damage, which is why you should switch to Sonoco Plastics' thermoformed sliced tomato trays. Not only do our trays protect produce, but they provide extended shelf life, thus saving money and producing less waste. Our unique design features a smooth, curved surface to reduce pressure points and prevent flat slices and edge damage that make fruit visually unappealing and shorten shelf life. The tray delivers superior fluid handling, allowing up to 80ml of fluid to flow away from the fruit while keeping slices firm and flavorful. Sonoco Plastics' trays provide strong, low temperature seals with either LDPE or PP films that result in faster throughput on packing lines. Superior Plus produce trays are available in black and white.

**Dimensions:**  
Depth: 3-7/8"  
Width: 5-7/16"  
Length: 11-7/8"

**Pallet/case configuration:**  
2,300 trays per case (46 bags of 50)  
250 lbs. per case  
40" x 48" x 42" (Pallet)

### DRAIN TRAY INSERT

Specifically designed to support the product above the floor of the outer tray, completely separating produce from collected liquid, this unique configuration of tray and insert can be provided preassembled without adding to stack height.

**Dimensions:**  
Inserts are designed to fit inside a Superior Plus Produce 1/2 steam table tray and can be preinserted.  
Length: 10-5/16"  
Width: 8-3/16"

**Pallet/case configuration:**  
Case Pack: 6,500 trays per case, one case per pallet

### DIVIDED DRAIN TRAY INSERT

Delivers enhanced protection, cradling lines of sliced tomatoes or other fruits so they retain their shape and position within the tray. This helps ensure optimum presentation of the produce to the consumer, which in turn communicates quality and freshness.

**Dimensions:**  
Inserts are designed to fit inside a Superior Plus Produce 1/2 steam table tray. These inserts cannot be preinserted  
Length: 10-5/16"  
Width: 8-3/16"  
Divider Height: 3/4"

**Pallet/case configuration:**  
Case Pack: 400 trays per case, 20 cases per pallet
